WORLD  
BOOK DAY  
P4

## WELCOME

Welcome to another edition of In Focus. As ever this is a bumper packed edition with lots of exciting news and events.

I continue to be impressed by the children each day. Their return to school after a second lockdown, after working hard at home and in school in Key Worker bubbles, has been amazing. All children are working hard and doing their best each day.

I would also like to thank our families who have been supportive during this tricky time. Please do not forget to follow us on twitter, Instagram and Facebook as we share our news.

**Best Teaching Memory:** So far one of my best teaching memories is from an experience afternoon I put together for the children. In their English lessons we had been reading and writing about animals in the forest and were at a part where they are out in a storm. We listened to soundscapes of storms and bonfires, pretending we were the animals huddled around the bonfire and how we might feel. We then finished the lesson by creating the sound of a rain storm using only our bodies, thinking of the build up to the storm and then it fading away. It was a such a fun afternoon, it was lovely to see the children excited to show everyone at home what they had done that day.

**Best Joke:** Why don't eggs tell jokes? They'd crack each other up.

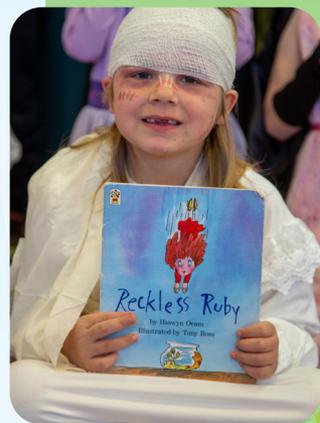

# WORLD BOOK DAY

We had a fantastic time on World Book Day with all children and staff dressing up as their favourite book characters.

Mrs Coyne led the day with a fun book hunt in the school grounds and many fun activities.

The PTA, Catmose Primary Friends, supplied a virtual workshop for each class with the children's author Jason Beresford.

## OAKHAM TREE POSTER COMPETITION

Well done to Freya in Willow Class, who took the place of runner up in the Oakham Tree Poster Competition.

Her design shared the importance of trees, and why we should look after our environment.

# WILLOW CLASS SCIENCE

Willow class have enjoyed dissecting pig's hearts in the science laboratory this term.

They were able to identify different parts of the heart, their role within the circulatory system and they even got to pull on the heart strings!

# COMIC RELIEF 2021

The children had great fun recently, completing fun sporting activities in their class bubbles. Donations of small change were made to Comic Relief 2021.

In the afternoon, the Year 6 pupils played a fun 5 aside match – wearing funny clothes. Each class bubble joined them to cheer them on. It was a great atmosphere!

We raised an impressive £197 for this worthwhile charity – well done Team Catmose!

A special thank you to Oliver S who organised the Year 6 football match.
